CALL FOR PAPERS

The first three CANMET/ACI International Conferences on Superplasticizers in Concrete were held in Ottawa, Canada in 1978, 1981 and 1989. Subsequent conferences were held in Montreal (1994), Rome (1997), Nice (2000), Berlin (2003), Sorrento (2006), Seville (2009), Prague (2012), Ottawa (2015), Beijing (2018) and Milan (2022).

The 14th International Conference on Superplasticizers and Other Chemical Admixtures in Concrete (SOCAC) will take place in Munich, Germany.

Topics include:

- Recent innovations in superplasticizers and other chemical admixtures
- Development and applications of superplasticizers and other chemical admixtures for low-carbon binders
- Chemistry and applications of superplasticizers
- Compatibility with cements, aggregates, and other admixtures
- Viscosity-modifying admixtures, corrosion inhibitors, shrinkage reducers
- Other chemical admixtures (accelerators, activators etc.)
- New binders and sustainable developments
- Testing methods and case histories
- Environmental aspects of chemical admixtures

Original research papers are invited for presentation and inclusion in the conference proceedings. Papers on early-stage research may be presented as **posters**.

CONFERENCE DEADLINES

Submission of abstracts
28th February 2025

Notification to authors on
acceptance of abstracts
30th April 2025

Submission of full-length papers
for review
31st August 2025

Notification to authors on
acceptance of papers
15th October 2025

Submission of final manuscripts in
accordance with instructions
provided to the authors
31st December 2025

Abstracts can be submitted on
the conference website

<https://aciconf.de/>

IMPORTANT NOTES

When submitting your abstract, please provide the following information:

- Specify whether oral presentation or poster
- Approximately 300 words in length
- Author(s) name(s) and affiliation
- Complete mailing addresses of all authors
- If more than one author, please specify the corresponding author.
